

## CNC Machinist & Programmer

**IBS Paper Performance Group** is an internationally recognized leader in the custom design and fabrication of paper machine equipment. Worldwide demand for our products has created interesting openings at our Chesapeake, Virginia location!

**Do you have what it takes** to program and operate a Computer Numerical Control (CNC) Gantry Type milling machine?

### Requirements for Applying

- Minimum of 2 years CNC machining experience (metal or non-metal machining) on a Milling/Grinding Machine.
- Responsible for taking a blueprint and figuring out how to make the part. You will pick out tools, figure speeds and feeds, and write the program (G/M-code).
- Selecting and setting up tools, testing the program and ensuring everything works correctly, and fixing things when they break or go wrong.
- Enjoy machining custom and complex non-metal parts with high tolerances.

### What do You Get:

#### Income Protection

Sick leave pay, company paid short/long term disability and life insurance.

#### Paid Time Off

holidays, vacation and leave, including: bereavement, personal/family, jury duty, military duty & more.

#### Relocation

For certain positions, relocation benefit packages may be available.

#### Health & Family

Excellent health and dental plan.

#### Power to Grow

Career development including: tuition reimbursement, training opportunities etc.

#### Your Future

401k plan with company match, discretionary bonuses.

You will work in a high tech, clean, climate-controlled environment and enjoy a competitive salary, plus outstanding fringe benefits (health, dental, life insurance and 401k). You will have the opportunity to establish your machinist career, operate the most modern equipment and release yourself from performing routine tasks and enjoy variety.
