

Project and Product Applications Engineer

IBS Paper Performance Group is an internationally recognized leader in the custom design and fabrication of paper machine equipment. Worldwide demand for our products has created interesting openings at our Chesapeake, Virginia location!

Do you have what it takes with design experience and advanced skills to perform machine measure ups as well as engage with customers and in-house sales teams?

Requirements for Applying

- Bachelor's Degree in Mechanical Engineering or Engineering Technology.
- 2 years practical experience in mechanical design.
- Proficient in 2D and 3D for generating production drawings.
- Proficient in word processing and spreadsheets.
- Must be able to travel up to 25% of time (Canada, Mexico, U.S.)

What do You Get:

Income Protection

Sick leave pay, company paid short/long term disability and life insurance.

Paid Time Off

holidays, vacation and leave, including: bereavement, personal/family, jury duty, military duty & more.

Relocation

For certain positions, relocation benefit packages may be available.

Health & Family

Excellent health and dental plan.

Power to Grow

Career development including: tuition reimbursement, training opportunities etc.

Your Future

401k plan with company match, discretionary bonuses.

You will travel to customer sites to perform presentations, audits, measure ups and start up support as necessary. You will enjoy a competitive salary, plus outstanding fringe benefits (health, dental, life insurance, and 401k). You will have the opportunity to establish your engineering career and release yourself from performing routine tasks and enjoy variety.
